

# ROPE BAG

## IN YOUR KIT

- QSNADS x2
- Screw x2
- Rope bag x1

## ESSENTIAL TOOLS

- 1 tape measure
- 1 pencil
- 1 crosshead screwdriver

### STEP 1

## ASSEMBLING & INSTALLING THE ATTACHMENTS

- Using a pencil and tape measure, draw two points 230mm apart.
- Screw the snap fasteners to the cockpit hull 230 mm apart.
- The gap is the same between the 2 sizes of rope bags.
- The 2 QSNADS must be positioned as shown in the picture.

## ATTACHING THE ROPE BAG

All you have to do is clip the rope bag onto the snaps.

### STEP 2

YOUR ROPE BAG IS READY TO USE  
**ENJOY SAILING!**
